Co-funded by the  
Erasmus+ Programme  
of the European Union

## Main aims:

- To protect from violence via changing the value of the other.
- To disclose risk factors and paths of development of different types and possible preventive pathways of violence in childhood and adolescence.
- To create online/mobile assessment tool for professionals to detect risks factors related to violence.
- To make age-relevant prevention programmes (different age groups require different prevention approach/methodology).
- To create online/mobile resource portal for professionals with exercises, training courses, case studies, prevention exercises and activities to be used in group with students.

## Target groups:

- Teachers
- Professionals working with youngsters with deviant behaviour
- School psychologists
- School counselors

## Following products will be developed:

- **I01+I03:** Online/mobile portal "Centre for the prevention of violence in school environment" (for professionals working with students with violent behaviour or tendencies) + Online/mobile tool to assess the student's exposure to violence
- **I02+I04:** Handbook "Protective and risk factors of development of different types and possible prevention towards violence"
- **E1:** Exploitation and mainstreaming event
